Chapter 1

Float

To swim first is to float.

Explain notes

- The water is there to help you to swim.

Chapter 2

Relax

Muscles that do not need to be used should be relaxed.

Chapter 3

Eyes

Should look at the bottom of the water.

Chapter 4

Don't stay alert

Better no need to stay alert than have to.

Explain notes

- When you stay alert, you cannot enter the flow state.
- You need to stay alert because you are too close to another swimmer, or because you have not found your way in the water.
